WARRANTY CERTIFICATE

EXTENDED LIMITED WARRANTY APsystems YC250, YC500 & YC1000 Microinverter North America

Extension to 25 Years

All APsystems YC250, YC500 & YC1000 Microinverters are covered by a 10 year Limited Warranty.

This certificate confirms that the APsystems Microinverters listed below are covered, in addition to the 10 year Limited Warranty, for a further 15 years, beginning 10 years after the above date, in accordance with the rights and conditions specified on this Certificate.

[Empty box for listing covered microinverters]

APsystems YC250, YC500 & YC1000 Microinverter Extended Limited Warranty North America

The YC250, YC500 & YC1000 Microinverters (the "Product") supplied by Altenergy Power Systems USA Inc. ("APsystems") are designed to withstand normal operating conditions when used for their originally intended purpose in compliance with the APsystems User Manual supplied with the system. This APsystems Extended Limited Warranty ("Extended Limited Warranty" or "ELW") covers Defective Products for a period starting at the termination of the standard ten (10) years Limited Warranty Period, for an additional fifteen (15) years, from the date of original purchase of the Product from APsystems (the "Extended Warranty Period"). A Product is defective if it is inoperable because of defects in material and workmanship, provided that APsystems, through inspection, establishes the existence of that defect ("Defective Product"). To obtain service under this Extended Limited Warranty, the holder of the Warranty must comply with the Return Merchandise Authorization ("RMA") procedures, which can be found at www.APsystems.com.

During the Extended Warranty Period, APsystems will, at its option, either;

(1) repair the Defective Product free of charge, or

(2) provide a credit to the holder of the Warranty towards purchase of a replacement Product from APsystems based on the pro-rata ELW time period remaining for the Defective Product, which credit shall be calculated as follows;

- *"the number of months remaining under this ELW at the time of return of the Defective Product" divided by "300" multiplied by "the then current purchase price including shipping of a new replacement Product".*

If APsystems chooses to repair the Defective Product, APsystems may, at its option, use new and/or reconditioned parts, and/or parts of the original or a subsequent design. If APsystems repairs the Defective Product, APsystems will also cover the cost of shipping the replacement Product from APsystems to the customer. This ELW does not cover shipping cost of the Product to APsystems, or labor costs related to removing the Defective Product or re-installing the repaired or replacement Product, or any shipping damage. If APsystems repairs or replaces a Defective Product, the ELW continues on the repaired or replacement Product for the remainder of the original Extended Warranty Period.

The Extended Limited Warranty does not apply to, and APsystems will not be responsible for, any defect in, or damage to, any Product that (1) has been moved from its original installation location, or (2) has been disassembled, tampered with, or modified in any way, or (3) has been misused, neglected, improperly installed, or used under conditions for which the product was not designed to be used or used differently than outlined in the APsystems User Manual, or (4) has been subjected to fire, water, corrosion, infestations, or input voltage outside the parameters listed in the Product specifications, whether from the grid, generators, or lightning strikes, or (5) has been impacted by incidental or consequential damage caused by other components of the electrical system within which it is installed, or (6) has been subject to any attempt to alter or remove the original identification markings (including trademark, model number, or serial number). This ELW does not cover costs related to the removal, installation or troubleshooting of any components of the customer's electrical systems.

During the Extended Warranty Period, this ELW may be transferred to subsequent owners of the Product upon completion of a "Warranty Transfer Form" available from the APsystems website, and payment of the nominal transfer fee as shown on that form.

THIS EXTENDED LIMITED WARRANTY IS A SUPPLEMENTAL WARRANTY OFFERED BY APsystems AND IS ONLY APPLICABLE IF THE CUSTOMER HAS PAID FOR THIS EXTENDED LIMITED WARRANTY AND HAS PROOF OF REGISTRATION OF THE UID OF THE SPECIFIC PRODUCT. AFTER THE WARRANTY PROVIDED BY APsystems DURING THE INITIAL 10 YEAR WARRANTY PERIOD, THIS EXTENDED LIMITED WARRANTY IS MADE EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF TITLE, QUALITY, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT, OR WARRANTIES AS TO THE ACCURACY, SUFFICIENCY, OR SUITABILITY OF ANY TECHNICAL OR OTHER INFORMATION PROVIDED IN MANUALS OR OTHER DOCUMENTATION. IN NO EVENT WILL APsystems BE LIABLE FOR ANY SPECIAL, DIRECT, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, LOSSES, COSTS, OR EXPENSES, HOWEVER ARISING, WHETHER IN CONTRACT OR TORT, INCLUDING WITHOUT LIMITATION ANY ECONOMIC LOSSES OF ANY KIND, ANY LOSS OR DAMAGE TO PROPERTY, OR ANY PERSONAL INJURY.

Some jurisdictions do not allow limitations or exclusions on implied warranties or on the duration of an implied warranty or on the limitation or exclusion of certain damages, so the above limitation(s) or exclusion(s) may not apply. This Extended Limited Warranty gives the customer specific legal rights, and the customer may have other rights that may vary from jurisdiction to jurisdiction.

APsystems YC250, YC500 & YC1000 Microinverter Limited Warranty North America

The YC250, YC500 & YC1000 Microinverters (the “Product”) supplied by Altenergy Power Systems USA Inc. (“APsystems”) are designed to withstand normal operating conditions when used for their originally intended purpose in compliance with the APsystems User Manual supplied with the system. This APsystems Limited Warranty (“Limited Warranty”) covers Defective Products for a period of ten (10) years from the date of original purchase of the Product from APsystems (the “Warranty Period”). A Product is defective if it is inoperable because of defects in material and workmanship, provided that APsystems, through inspection, establishes the existence of that defect (“Defective Product”). To obtain service under this Limited Warranty, the holder of the Warranty must comply with the Return Merchandise Authorization (“RMA”) procedures, which can be found at www.APsystems.com.

During the Warranty Period, APsystems will, at its option, either (1) repair or replace the Defective Product free of charge, or (2) provide a refund to the holder of the Warranty of an amount equal to the actual value of the Defective Product at the time of the discovery of the defect. APsystems may, at its option, use new and/or reconditioned parts, and/or parts of the original or a subsequent design, in repairing or replacing the Defective Product. If APsystems repairs or replaces the Defective Product, APsystems will also cover the cost of shipping the replacement Product from APsystems to the customer. This Limited Warranty does not cover shipping cost of the Product to APsystems, or labor costs related to removing the Defective Product or re-installing the repaired or replacement Product, or any shipping damage. If APsystems repairs or replaces a Defective Product, the Limited Warranty continues on the repaired or replacement Product for the remainder of the original Warranty Period.

The Limited Warranty does not apply to, and APsystems will not be responsible for, any defect in, or damage to, any Product that (1) has been moved from its original installation location, or (2) has been disassembled, tampered with, or modified in any way, or (3) has been misused, neglected, improperly installed, or used under conditions for which the product was not designed to be used or used differently than outlined in the APsystems User Manual, or (4) has been subjected to fire, water, corrosion, infestations, or input voltage outside the parameters listed in the Product specifications, whether from the grid, generators, or lightning strikes, or (5) has been impacted by incidental or consequential damage caused by other components of the electrical system within which it is installed, or (6) has been subject to any attempt to alter or remove the original identification markings (including trademark, model number, or serial number). This Limited Warranty does not cover costs related to the removal, installation or troubleshooting of any components of the customer’s electrical systems.

During the Warranty Period, this Limited Warranty may be transferred to subsequent owners of the Product upon completion of a “Warranty Transfer Form” available from the APsystems website, and payment of the nominal transfer fee as shown on that form.

THIS LIMITED WARRANTY IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY APsystems AMERICA CORP., AND ITS AFFILIATES, AND, WHERE PERMITTED BY LAW, IS MADE EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF TITLE, QUALITY, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT, OR WARRANTIES AS TO THE ACCURACY, SUFFICIENCY, OR SUITABILITY OF ANY TECHNICAL OR OTHER INFORMATION PROVIDED IN MANUALS OR OTHER DOCUMENTATION. IN NO EVENT WILL APsystems BE LIABLE FOR ANY SPECIAL, DIRECT, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, LOSSES, COSTS, OR EXPENSES, HOWEVER ARISING, WHETHER IN CONTRACT OR TORT, INCLUDING WITHOUT LIMITATION ANY ECONOMIC LOSSES OF ANY KIND, ANY LOSS OR DAMAGE TO PROPERTY, OR ANY PERSONAL INJURY.

Some states do not allow limitations or exclusions on implied warranties or on the duration of an implied warranty or on the limitation or exclusion of certain damages, so the above limitation(s) or exclusion(s) may not apply. This Limited Warranty gives the customer specific legal rights, and the customer may have other rights that may vary from jurisdiction to jurisdiction.

Authorized Signature

Return Merchandise Authorization (RMA) Process

North America

To obtain service under this Limited Warranty, the Certified Installer of an authorized APsystems distributor must comply with the following procedures:

- Prior to being issued a Return Merchandise Authorization number (“RMA”), the Authorized Installer must contact an APsystems technical support representative to evaluate and troubleshoot the problem while the APsystems Microinverter is still installed in its original location, since many problems can be solved in the field.

Note: An RMA must be issued by APsystems Technical Support for the product warranty replacement to be honored.

- If in-field troubleshooting does not solve the problem, Authorized Installer may return the defective product to APsystems, with a RMA number. The RMA number is provided by APsystems upon Authorized Installer’s request and upon provision to APsystems of:
 - o The serial number of the defective product
 - o A detailed description of the defect
 - o Proof-of-purchase. If the original purchaser of the product submitted a Warranty Registration, no further proof of purchase is required. If APsystems does not have a record of that registration, the Authorized Installer must also provide a copy of a dated invoice or purchase receipt from the original purchase of the Product, or the dated invoice or purchase receipt showing that product exchanged under warranty.
 - o Shipping address for return of the repaired or replacement product.
- All defective products authorized for return **must** be returned within 30 days of receiving replacement unit using the original shipping carton and return shipping label. The Installer will be invoiced the replacement cost of the defective product if APsystems does not receive it with 30 days.
- Upon receipt of the defective product, APsystems will verify operational status of the product. Once verified as being defective;
 - o APsystems will pay \$150.00 to replace one inverter, and \$50.00 for each additional inverter (a maximum of \$300.00 per installation, per incident)¹ to cover the labor costs to remove the defective inverter and install a replacement inverter.
 - o Authorized Installer will pay \$75.00 if “No Trouble Found” with returned product.
 - o **APsystems will not reimburse the Authorized Installer when they don’t follow RMA procedures.** APsystems will contact the Authorized Installer to discuss the situation and to determine equipment disposition, i.e. return unit(s) to Installer or retain equipment if units returned outside of the standard RMA process.
- Payment will be processed within 14 days of equipment testing. The Authorized Installer will be notified when equipment is received, the results of operational testing, and when payment is issued or rejected.

Authorized Installer should keep detailed records to document RMA transactions for future reference.

¹ APsystems reserves the right to change the RMA pricing based on ever changing business conditions.

APsystems YC250, YC500 & YC1000 Microinverter Warranty Transfer Form North America

The YC250, YC500 & YC1000 Microinverters (the "Product") supplied by Altenergy Power Systems USA Inc. ("APsystems") are designed to withstand normal operating conditions when used for their originally intended purpose in compliance with the APsystems User Manual supplied with the system. The APsystems Limited Warranty ("Limited Warranty") and Extended Limited Warranty ("Extended Limited Warranty") cover Products that are inoperable because of defects in material and workmanship ("Defective Product") during the Warranty Period. To determine if the system remains under warranty, please contact APsystems at www.APsystems.com. During the Warranty Period, this Limited Warranty may be transferred to subsequent owners of the Product upon completion of this Warranty Transfer Form, and payment of the transfer fee as shown below.

APsystems will transfer the existing Warranty on the system shown below upon receipt of this duly executed form and the \$100 transfer fee, within 30 days of the actual date of ownership transfer. APsystems reserves the right to confirm the actual date of ownership transfer. APsystems will provide written confirmation of the Warranty transfer.
